MASS AIR RAID ON FRANCE IS VIRTUALLY UNCHALLENGED

U. S. Attack on Jap Warships Off Solomons Reported

Bombs Rained On Amiens As Nazis Fail To Retaliate

By the Associated Press

London, Aug. 21.—The clipped wings of the German air force in western Europe was rated by British observers today as the first big dividend of Dieppe.

Allied mastery of the air, they asserted, now is complete beyond challenge, not only over Britain and the channel, but even deep into enemy territory itself.

These commentators, whose identity could not be disclosed, said this was proved by the extraordinary show of Allied airpower yesterday, with virtually no opposition and apparently without the loss of a single plane, over German-held soil.

In broad daylight, 500 fighters swept across the French coast—where never before had more than 300 planes made such a raid at one time—and a force of the United States' big four-engined flying fortresses rained explosives on the Amiens railway yards without even lighting a Nazi fighter over the target.

The smoke of battle has lifted from the ruins of Dieppe. The natural surge of enthusiasm over the masterful assault on the most strongly guarded point of Nazi coast has given way to sober reasoning.

But even in the cold light of fact and figure, Britons regarded Wednesday as a day of Allied triumph from every angle—as a victory on the field itself, as a help to Soviet Russia, as a step forward in the whole master plan of the United Nations.

A communiqué summarizing the raid called it a "successful demonstration of coordination of all three services"—land, sea and air.

Although the official announcement labelled the attack merely a "reconnaissance in force," it said the raid had a "vital part" in Allied policy. Here was its profit and loss account:

Gains: Ninety-one German planes definitely destroyed with "about twice that number probably destroyed or damaged."

Two gun batteries destroyed; A radio location station destroyed;

Two small vessels sunk; Heavy casualties inflicted on the Germans;

Prisoners captured; Losses: Ninety-eight Allied planes lost; The destroyer Berkley, 904 tons, sunk;

A "fairly large number" of landing craft destroyed; The loss of some tanks which the attackers were ordered to blow up;

Heavy casualties although there still was no official figure on the invaders' numbers or their ratio of losses. The communiqué called it simply "a large military force."

The outcome surpassed the objectives set forth in the announcement: "The testing by an offensive on a larger scale than previously of defenses of what is known to be a heavily defended section of the coast, destruction of German batteries, of a radiolocation station, . . . Destruction of German military personnel and equipment, and the taking of prisoners. . . ."

German airmen supported the assault operations.

Soviet air scouts discovered a large concentration of Italians in two settlements and Red army troops were reported to have wiped out virtually all of them in surprise attacks with mortars.

A dispatch to Izvestia said a great area along the southern arm of the German pincers was set afire when German tanks set a Soviet minefield. Soviet fighters swept up to shoot down many dive-bombers attacking Red army lines, but other Nazi aircraft quickly took their places.

Five German columns of tanks and motorized infantry were reported moving behind aerial and artillery bombardments in the thrust up the railway line north.

Chief Warns Officials "To Button Up Lips"

Washington, Aug. 21.—(P)—Declaring heads of some government agencies were talking too much, President Roosevelt today directed all government administrators to refrain from public debate of controversial questions of policy and to stop criticizing each other in such controversies.

Mr. Roosevelt said that such airing of divergent opinions in the public press were being seized upon and exploited by enemies of the United Nations.

FARLEY MAN IS NOMINATED IN NEW YORK

Senators in Washington Spli. on Significance of Selection of John J. Bennett by Dems

THREE-WAY RACE SEEN

By D. HAROLD OLIVER
New York, Aug. 21.—(P)—James A. Farley, victorious in obtaining the Democratic nomination of Attorney General John J. Bennett, Jr., for governor, was re-elected today for another two-year term as chairman of the Democratic state committee at a meeting at the National Democratic Club.

Washington, Aug. 21.—(P)—Senators split today on the significance of the nomination of John J. Bennett, Jr., for governor of New York over Senator James M. Mead, who had the support of President Roosevelt.

Most legislators begged to be excused from commenting on the victory scored yesterday by James A. Farley, Democratic state chairman, who had backed Bennett. But among those willing to talk on or off the record were some who believed the state convention result increased Farley's political stature in the 1944 presidential picture and others who thought it would boom-erang later against the former Democratic national chairman.

Senator Norris (Ind.-Neb.), long a supporter of the president, said he thought the New York convention fight would have a "bad effect on the country" because it would be taken as a "very severe slap at the president."

When asked at his press conference today what effect Bennett's nomination would have on the conduct of the war effort, President Roosevelt, apparently prepared for the question, read an excerpt from an article this morning by Mark Sullivan, newspaper columnist.

The article referred to a press conference held by Robert F. Patterson, undersecretary of war, in which a reporter sought comment on the Commando raid on France.

"The question was asked in a manner which suggested that the questioner really did not have much hope of an answer," the president quoted Sullivan. "By thus setting his expectations below his hopes, he escaped disappointment."

Mr. Patterson said merely that he had no worthwhile comment.

Senator Bridges (R-N.H.), a candidate for his party's presidential nomination in 1940, commented:

Ban Placed on Gas Deliveries in 20 States

Washington, Aug. 21.—(P)—Petroleum Coordinator Harold Ickes today prohibited railroad delivery of automobile gasoline in 20 states in the middle west and southwest in a move to release an estimated 5,000 to 7,000 tank cars for supplying the east.

The states brought under the ban were Texas, Louisiana, Mississippi, Alabama, Oklahoma, Arkansas, Tennessee, Kentucky, Missouri, Kansas, Nebraska, Iowa, Illinois, and Indiana.

Autograph Dealer is Placed on Probation

New York, Aug. 21.—(P)—J. Duane Upton, a dealer in autographed items and former grocery clerk of Erie, Pa., accused in a federal indictment of sending an extortion letter through the mails in an attempt to obtain hand-written copies of poems by Edna St. Vincent Millay, received a suspended sentence today and was placed on probation for three years.

Federal Judge Eugene Rice extended leniency after Upton's admission that he sent a letter to Eugen Jan Boissevain, Miss Millay's husband, at Steepletop, Austrelitz, N. Y., last February 28, stating that he was conducting an autograph column for magazine and wanted certain of Miss Millay's longhand writings for publication.

Another Axis Submarine Is Reported Sunk

All Brazilian Merchantmen To Be Conveyed by the Navy in Future

DRIVE AGAINST AGENTS

Rio De Janeiro, Aug. 21.—(P)—Sinking of another Axis submarine off the Brazilian coast—the third reported destroyed in those waters this week—was credited unofficially today to United States warplanes operating from somewhere in Brazil.

Dispatches said the submarine was attacked and sent to the bottom by bombers piloted by a Captain Tauney and a Lieutenant Dante, but gave no other details.

Reports of the sinking came as President Getulio Vargas announced that henceforth all Brazilian merchantmen moving through the usual sea lanes would be conveyed by the navy and air force in cooperation with United States naval and air units.

The decision to establish a convoy system followed swiftly the disclosure that Axis submarines had sunk another Brazilian vessel—the small coastwise steamer Jacu—bringing to six the number destroyed in recent days with a loss of some 600 lives.

The government meanwhile pressed a nationwide drive against Axis agents, who have been blamed for tipping off submarine commanders to the movements of merchant ships.

WESLEYVILLE CHILD KILLED UNDER TRUCK

Erie, Aug. 21.—(P)—Edward Frank Jaggard, son of Mr. and Mrs. Frank Jaggard, of Wesleyville, was fatally injured last night when he ran beneath the wheels of his father's truck as it backed from a driveway. Taken to a doctor's office, the child was pronounced dead from a fractured skull.

Leningrad Defenders Holding After Siege of Twelve Months

By EDDY GILMORE
Moscow, Aug. 21.—(P)—Adolf Hitler launched his unsuccessful assault upon Leningrad a year ago today, besieging the former capital with 300,000 soldiers.

After 12 months, the city's defenders fight on.

Civilians called into action by Marshal Klementi Voroshilov from the population of 3,000,000 helped Red army divisions to stem the onslaughts.

"Stand firm to the end" was his order, and they did even more.

The Communist party newspaper Pravda said the Nazi high command aligned 52 infantry divisions, four motorized divisions and four tank divisions against Russia's second city—previously known as St. Petersburg and Petrograd.

The Germans hauled up 6,000 big guns, 19,000 machine guns, 4,500 mortars and 1,000 tanks and supported these ground weapons

with 1,000 planes, expecting to smash into Leningrad immediately.

(There is no question that the Germans believed the fall of Leningrad was a certainty at this time last year. American correspondents in Berlin were told so, and a trip was arranged so that they could see the triumphal entry.)

The Red army dug in against the assault. Workmen dropped their tools in factories and took up guns. Women and children replaced the workers to keep industrial wheels turning.

Bombs fell by day and by night and long-range guns hurled explosives into the city, but neither the Red army lines nor the civilian population cracked.

To the accompaniment of the ceaseless bombardment and German threats from three sides, summer faded into autumn and autumn into a terrible winter of siege. But the defenses have held.

AXIS NATIONS ARE WARNED BY PRESIDENT

"Fearful Retribution" Promised for What Executive Calls "Barbaric Crimes" Committed

ATROCITIES NUMEROUS

Washington, Aug. 21.—(P)—President Roosevelt warned enemy nations in a formal statement today of "fearful retribution" to come for what he called their "barbaric crimes" against civilian population in Axis-occupied countries.

The chief executive issued his warning after Secretary of State Hull had given him a communication from The Netherlands ambassador and the Yugoslav and Luxembourg ministers calling attention to the Nazi slaying of hostages.

Describing these as acts of desperate men, and promising that they would result in fearful retribution, the president said the government of the United States had been receiving information on Axis atrocities from numerous sources and would welcome more.

When the United Nations achieve victory, he asserted, it is their purpose to make appropriate use of the amassed evidence.

The time will come, Mr. Roosevelt said, when the guilty persons will have to stand up in courts of law in countries they now are oppressing and answer for their acts.

Asked at his press conference whether he could commit the people of ravaged countries to acting through courts of law once "they got a chance" at their oppressors, (Turn to Page Thirteen)

COLORED BABE FOUND ABANDONED IN BAG

New York, Aug. 21.—(P)—Out for an early-morning stroll today, Sherman Boss noticed a brown paper bag on a Harlem doorstep—and it was wriggling.

Thinking a stray cat was feasting on somebody's breakfast rolls, Boss picked up the bag and found himself holding a three-week-old negro baby, naked except for the paper bag.

The infant received more suitable clothing at the New York founding hospital.

New Records For Spending

Washington, Aug. 21.—(P)—War spending by the treasury is higher than any government ever attained before, but official statistics showed today that American consumers are still spending more than the treasury.

Government economists figured that, despite the War Production Board's efforts to curtail the manufacture of consumer goods, the public spent \$39,900,000,000 for all purposes in the first half of this year compared with \$24,500,000,000 for the government. Capital expenditures by private business amounted to \$6,000,000,000.

However, the WPB restrictions are gradually swinging the balance, and by the end of the year the economists figure that spending totals for the last half of 1942 will reach \$38,100,000,000 for government, \$38,500,000,000 for private business, and \$4,000,000,000 for private capital expenditures.

After the four-weeks old trial is concluded, Judge Smith will sentence three men who have acknowledged that they conspired to deliver American military secrets to the Axis. China Forces Retake Town

Chungking, Aug. 21.—(P)—An official Chinese military report today said Chinese forces had recaptured Kwangfeng, which the Japanese had developed into one of their most powerful strongholds in Kiangsi province.

It was stated the recapture had dispelled the threat of the first overland Japanese invasion of Fukien province.

The Chinese were said to have retaken the city yesterday morning after by-passing it in the Kiangsi campaign in which they have recaptured Kweiki, Shankjao and other points to wrest from the Japanese the control of a 60-mile stretch of the eastern Kiangsi railroad.

Legionnaires Considering Resolutions

Strikes, Lockouts and Slowdowns Are Condemned By Vets as Treason

ELECTION IS PLANNED

Pittsburgh, Aug. 21.—(P)—Delegates to the American Legion's annual state convention met today to act on a resolution condemning strikes, lockouts and "deliberate slowdowns" at war production plants as "treason."

The resolution committee also asked the convention to approve resolution which would:

1. Change the present system of industrial deferment in the selective service act.

2. Permit present members of the armed forces to join the Legion after their honorable discharge.

3. Abolish conscientious objector camps.

Leon Braustein of the Scranton district, chairman of the resolutions committee, led the motion calling for no deferment of industrial workers who might be replaced by older men. He said "suspicious industrial deferments" had been granted in his own district.

"This thing is not for uniform nor is it good policy. There isn't anyone in any position in any industry who can't be replaced," the committee recommended that conscientious objectors to military service be inducted into the armed services for non-combatant duty.

Two dissenting committee votes were cast on the resolution to admit World War II veterans into the Legion. Officers predicted however, the convention would accept the resolution, inasmuch as (Turn to Page Thirteen)

GIANT FLYING FORTRESSES ARE ENGAGED

Assault Made on Enemy Apparently Moving to Strike Back at Marines On Island

MOPPING UP SOLOMONS

BULLETIN
London, Aug. 21.—(P)—Six enemy fighter planes were shot down by U. S. army flying fortresses without loss in a battle over the North Sea today, it was announced officially.

BY ROGER D. GREENE
Associated Press War Editor

Giant U. S. army flying fortresses were reported launching a big attack on Japanese warships off the Solomon Islands today as the enemy apparently moved to strike back at American marines now occupying at least three islands in the southeast of the 800-mile-long archipelago.

A British broadcast indicated the attack was developing and said details were being awaited.

Previous reports from New Zealand had said the enemy was massing naval forces for a counter blow against the marines in the Tulagi area.

Meanwhile, Imperial Tokyo headquarters asserted today that a small force of American troops, effected a landing at dawn Aug. 17 on Makin island in the Gilbert Islands, 2,400 miles southwest of Hawaii, but were "repulsed completely" by the Japanese garrison.

The Japanese report, unconfirmed elsewhere, said the landing party consisted of about 200 troops.

Seized by the Japanese at the outset of the war, the former British-owned Gilbert Islands lie on the equator, just below powerful enemy bases in the Marshall Islands and 1,100 miles northeast of the Solomon Islands.

Such a raid presumably would be little more than a Commando thrust to test out the enemy's defenses.

In the 16-day-old battle of the Solomons, Gen. Douglas MacArthur's air scouts searched the vast island-dotted South Seas in quest of Japanese naval activity and reports that the enemy was massing new strength for a counter-blow against U. S. marines in the Tulagi area.

The navy's announcement that several islands had been "recently captured" indicated that the marines, cutting through the mountainous jungles, had virtually completed occupation of the strategic bases. The leathernecks were known to have gained beachheads on at least three and perhaps six of the eastern Solomons.

Striking at Japanese supply bases far to the west, Allied bombers again attacked enemy forces on Timor island and touched off great explosions in the town of Maobisse. General MacArthur's headquarters announced.

Movie Industry to Direct Sale Of Bonds and Stamps in Sept.

The motion picture industry in all its branches will unite with the War Savings Staff of the Treasury Department to take leadership in a billion dollar War Bond and Stamp drive in September, it has been announced by Secretary Morgenthau. Just as the retailers of the nation gave impetus to the July Bond and Stamp drive, so will the motion picture industry act as the spearhead of the September offensive.

One spectacular feature of the month's drive will be some 300 bond rallies in as many cities, with Hollywood motion picture stars appearing in person. The largest concentration of touring stars used so far in the war effort will be thrown into the front line of the movie industry's September campaign. The Hollywood Victory Committee, at a meeting in California, announced the unanimous support of all stars, studios and producers.

The stars will not appear at theatres but at public mass meetings and factories in the interest of the Treasury Department's Payroll Savings Plan. In order to get the stars each city is to pledge at least \$100,000 in bond sales on the day of their visit. A total sale of at least \$300,000,000 is the target.

Auxiliary To Be Organized In Warren Co.

Formation of a local unit of the Pennsylvania Auxiliary Home Guard is expected to be started in the very near future as a result of a visit to Warren yesterday by Capt. Byron Ball, field director for the organization with headquarters in Harrisburg.

While in Warren, Capt. Ball conferred with Allen M. Gibson, chairman of the Warren County Defense Council, and other officials connected with civilian defense.

Warren is one of several counties which have not yet submitted nominations for captains of the local auxiliary units, which are to be made up of volunteers who provide their own weapons.

The auxiliary is being formed to take over emergency guard duties at war plants, bridges and other vital points from the Reserve Defense Corps, which replaced the National Guard when it went into federal service.

During his visit here yesterday, Capt. Ball emphasized the fact that the auxiliary is purely a home defense unit and that those who join will not be called upon to go out of their own county, as were members of the Reserve Defense Corps last winter.

Nominations for captains are made in each county by the chairman of the county defense council, the sheriff and the mayor of the leading city or borough. It was stated yesterday that a candidate for the position in Warren county has been selected and that final confirmation is being awaited by Capt. Ball. He left this morning for Ridgway, where he will confer with Elk county officials concerning the appointment of a captain and the organization of an auxiliary unit there.

It's common sense to be thrifty. If you save you are thrifty. War Bonds help you to save and help to save America. Buy your ten per cent every pay day.

Another phase of the drive that is expected to net millions in bond sales is a plan now being worked out by treasury officials. Under this plan, many movie theatres will sell and deliver bonds to the patrons. This will enable the millions of moviegoers to make purchases and get immediate delivery of the bonds. The sale in movie theatres is a convenience to the working people who cannot get to banks during working hours. The movies will advertise: "Bonds While You Wait, Day and Night, Night and Day—Including Saturdays, Sundays and Holidays!"

At a meeting in New York last week, 8154 movie theatres were represented by owners or heads of exhibitor organizations throughout the nation. They voted unanimously to undertake the role of "commandos" in the Treasury Department's billion dollar September effort. A budget was set up to underwrite expenses of touring stars and other items of the extensive campaign.

The drive will have a general title: "Salute - To - Our - Heroes" month. The slogan will be "Buy a Bond To Honor Every Mother's Son in Service." Each buyer of a bond in a theatre will be given a postal card message to mail to his or her man in service. "I just bought a War Bond and was thinking of you," says part of the message.

Meeting Here Is Valuable To Retailers

The meeting last evening in the high school auditorium, which was arranged for by the State Office of Price Administration with the cooperation of the Warren Chamber of Commerce, proved to be most helpful to the one hundred or more retailers who were present.

Burgess R. W. Steber, who presided, after making a few introductory remarks in his usual happy vein, introduced Joseph J. Devlin and Harry D. Moore, field representatives from the Philadelphia office of the OPA. Mr. Moore gave a talk on the necessity for price administration to combat the menace of inflation. Mr. Devlin then explained a number of the requirements of the General Maximum Price Regulation. This was followed by the showing of a slide-film giving a dramatized presentation of merchant-customer relationship under price regulations.

Two skits were very ably given by Mrs. Helen Lawson, who took the part of a customer, and A. L. Johnson, who impersonated a retailer. Messrs. Moore and Devlin followed in a third skit. Mr. Devlin took the part of a retailer who was not meeting the requirements of the General Maximum Price Regulation and Mr. Moore that of an OPA inspector. Following the skits came an open-forum period for questions and answers. A number of charts were on display and the general expression heard on all sides at the close of the meeting was that it was well worthwhile and was bound to prove helpful.

Flower Show At Clarendon To Draw Many

Everything is in readiness for the first flower show of the Clarendon State Bank, to be held tomorrow afternoon and evening from three to nine o'clock, it was stated today.

From present indication, there will be scores of entries competing for the ribbon awards in the 28 classes which have been set up for the show. Many entries from outside of Clarendon are expected, although the show is limited to amateur gardeners.

It was stated that entries will be received at the Clarendon bank this evening from 7 to 9 o'clock, as well as tomorrow from 9 a. m. to 12 noon.

The general public is invited to visit the Clarendon bank during the show hours tomorrow to inspect the many fine entries which are expected.

DESERVED PRAISE
It has been well known to many for some time that because of the efficient manner in which it has been functioning, the Warren county civilian defense set-up, including the control center, has been praised by state officials as a model for other districts to pattern after. This flattering compliment is further emphasized by a writup which appeared in the Oil City Derrick Thursday morning, in connection with a visit paid Warren by Venango county officials during the surprise test blackout Tuesday evening. The article follows:

A. L. Gillette, chairman of the county defense council, and Sheriff James C. Marshall, chief air raid warden, together with county, Oil City and Franklin city officials were in Warren during the blackout test Tuesday night, observing the civilian defense set-up there in action.

The Warren county defense is completely organized and manned, meeting all the requirements of the state defense council. The party in addition to Gillette and Marshall included County Commissioners Fred Gates, J. Frank Horner and John Brecht; Mayor J. C. Bohlender, of Franklin, and City Treasurer C. Guy Whitehill of Oil City.

The Warren county set-up includes a central control board and borough defense councils in each of the communities of the county. Venango county has neither a central control board nor city defense councils in either Oil City or Franklin. Since the city defense councils control the defense programs in the cities, it is difficult to black out the cities without them.

The Warren set-up also includes auxiliary firemen and police, air raid wardens, medical and Red Cross detachments, together with public utility and repair squads. Several of those groups are not in operation here.

Gillette and Marshall were advised in advance of the time of the test and also informed the Oil City and Franklin police. However, none of the Venango air raid wardens were advised in advance in order to most effectively test the air raid systems.

Knowing that Warren county had a complete set-up, the raid chiefs decided to go there for the test and invited county and city officials to make the trip.

The entire Warren system worked effectively and efficiently. Gillette said, and added that the demonstration was well worth the time spent in the visit there.

He said that both the county and city officials making the trip appeared very much interested in the clock-like manner in which the Warren system swung into action.

PETS AND AIR RAIDS
Don't send Fido or tabby to the gas box if you're jittery about air raids, because dogs and cats may aid civilian morale in the event of bombings. Dr. Francis H. Rowley, president of the American Humane Education Society, says.

"A faithful dog or cat may be the means of bolstering morale if a person's home is bombed and everything else is lost," Dr. Rowley declared in an interview on his 88th birthday anniversary recently.

"Dogs can be protected quite well by restraining them on leashes," he advises. "And cats and small dogs can be placed in sturdy baskets and brought along to private air raid shelters. Teamsters caught in a raid can protect their horses by unhitching them and tying them to the rear of the wagon, and giving them the feed bag."

Our congratulations to Mr. and Mrs. John M. Hook, venerable Sugar Run couple, celebrating their 65th wedding anniversary Sunday. A record of marital companionship perhaps unequalled in the entire section.

Warren will have the great honor of entertaining a group of conscientious and enthusiastic women when the 65th annual convention of the Women's Christian Temperance Union convenes here next Tuesday.

Owner of business places not already so equipped should give some thought to the immediate installation of outside switches to permit wardens to turn out lights in case of surprise air raid tests.

A commendable job in civilian defense is being accomplished by the women who are helping to man the local control center. All concerned are to be commended for the results being achieved.

Warren will be glad to welcome William L. Parmlee, coming here from Lancaster next month to accept the position of physical director of the Y. M. C. A.

VICHY, FRANCE - OFFICE OF THE PREMIER

To the Fuehrer:
Heil Hitler! If you will forgive the suggestion, may I respectfully submit that it might be well if more of the Fuehrer's excellent troops were quartered in this country.
While I am in no sense alarmed, I feel that additional German forces here might serve as an inspiring example to any Frenchmen who may not yet fully appreciate the glorious New Order.
Your obedient servant,

THE FUEHRER'S HEADQUARTERS

Memo to Laval:
Your letter received. While I could easily spare troops from the Russian front, I do not deem it advisable to transfer too many at this time.
In the affair at Dieppe everything proceeded in good order. The action of my forces proved again that it would be suicidal for the enemy to attempt an invasion of Europe.

WASHINGTON IN WARTIME

By JACK STINNETT
WASHINGTON—These are strange days, but none is stranger than that recently when Bernard M. (for Mannes) Baruch, the 72-year-old patriarch of war production, was appointed head of a three-man board to give the public the lowdown on the rubber situation.
Baruch has been in and out of the war picture for 25 years. He has bounced around in so many government advisory jobs that his latest appointment as chairman of the rubber commission is something of a laugh.
But don't toss it off so easily. There are, in Washington, two schools of thought about Baruch's new job as chief of the B-C-C committee (B for Baruch; C for Dr. James B. Conant, president of Harvard; and C for Dr. Karl Compton, president of Massachusetts Institute of Technology).

ONE school leans to the idea that the commission was appointed merely to give prestige to the coming orders on conservation of rubber (mileage control, rationing, etc.). The other claims that Baruch and his associates form the only team in the country that can straighten out the rubber middle.

Take it any way you like, the phenomenon is "Berny" Baruch. There is no more spine-tingling sight in Washington today than to see this gaunt, white-haired old man holding his conference on a bench in Lafayette Square. It's just across the street from the White House, but that isn't nearly as important as the fact that it's just across the street from Baruch's hotel.

He likes the outdoors. When he's in New York he hardly ever

misses a day tramping around the reservoir in Central Park. When he's at "Hoboken," his South Carolina plantation, he hunts, fishes, rides horseback. In Washington, Lafayette Square is about as far away as he can get from the center of activity that is his hotel suite.

Baruch brings into the muddled rubber picture an even more muddled political and social personality. He never has objected to being called a gambler and the fortunes he has won and lost on Wall Street make it a deserving title. (But he won't play bridge for more than nominal stakes.) He has been dubbed "advisor to the President" and indeed he has been. (But he has backed more wrong men than anybody in the national picture today—Al Smith for nomination and election, and Governor Ritchie for the nomination against Roosevelt, to mention only two.)

In spite of the fact that he has been identified with Wall Street most of his life, he probably fought longer and harder than any one man to take the profit out of war. For 20 years or so, he battled for agricultural reforms and his farm plan, with considerable variations, was the basis for the New Deal agricultural aid program.

Out of his World War activities as chief of the War Industries Board and later investigations came the M-Day industrial mobilization plans which were forerunners of our present conversion to all-out war and incidentally the basis for Nazi war industrialization.

He has been a vigorous proponent of overall price, rent and wage controls and has frequently expressed his dissatisfaction with the half-way measures of our present anti-inflation program.

MAN ABOUT MANHATTAN

By GEORGE TUCKER
NEW YORK—In the windows of certain banks around town you will find an interesting display of federal currency called "Know Your Money."

These were prepared and distributed by the United States Secret Service and the Treasury Department, and were designed to help people recognize spurious or counterfeit bills, always plentiful in metropolitan centers. These displays carry 1, 5, 10, 20, and 100-dollar bank notes marked "Genuine" and their counterparts in counterfeit.

The way to detect most counterfeit bills, claims the Secret Service, is to examine the saw-tooth points of the federal seal, which generally are uneven. If you get hold of a bill that seems phony, compare it with another of the same denomination. Thousands of dollars in counterfeit money, including nickel dimes and quarters, change hands daily in New York.

THE approved way to pass off phony \$5 bills is to work with a confederate. One man carrying several good bills and one counterfeit bill enters a cigar store and buys a package of cigarettes. From the \$5 phony bill he receives \$4 and some odd change in genuine currency. He then makes a rendezvous with his confederate, turns over the good money, takes another phony bill,

and the process is repeated. The "spender" never under any circumstances ventures abroad with more than one phony note in his pocket. If it is apprehended he can claim ignorance and at once make good the loss. If he were caught with more than one counterfeit note he would be taken into custody at once.

THE slot machines, gum machines, turnstiles and other gadgets operated by coins are not slug or counterfeit proof. Buckets of phony coins are collected each day. It is a simple matter to pass off fake money in large amounts of change, especially in a town like this, where everyone hurries and seldom stops long enough to give more than a glance at change.

But here again the one coin ritual is adhered to. Police detectives who are assigned to counterfeit cases say the idea is to pass only one bogus coin to each customer. If he spends ten cents and presents a dollar bill, one of the quarters is sure to be counterfeit. As a rule, it looks more genuine than imitation dimes and lesser coins. More than one coin, because of the difference in weight, is apt to excite suspicion.

In a busy mart like New York it is commonplace to go home with a few "quiet" nickels in your pocket. The funny thing is that millions of people take them and pass them along without ever realizing they have been transmitting counterfeit money.

Interesting Items Taken From the Warren Evening Times

In 1922
Visitors at the Y. M. C. A. with in the past few days have been surprised to see how inviting the physical department looks. Everything is being put in readiness for the opening of the fall work.

Mrs. A. F. Kottcamp, Miss Dorothy G. Kottcamp and Master Charles Kottcamp have returned from points in the east where they spent a number of weeks.

Dr. C. J. Frantz, Mrs. Schurmer, of Pittsburgh, Mrs. P. E. Hertz and Miss Blanche Hertz have returned from Chautauque where they spent several days with the Frantz and Kriebel families who are sojourning there.

The Independent Sluggers defeated the Smith-Metzger-Wright team in a five-inning game played last evening on the fair grounds diamond, the score being 8 to 3. The fielding feature of the game was Metzger's one-handed catch of Brown's drive to the outfield in the fourth.

In 1932
Several hundred persons are expected to be in attendance tomorrow at the third annual picnic of District 3, Swedish Fraternity of America at the Warren Outing Club. Principal speaker will be the past supreme president, John Lindquist, of Butte, Mont.

The Rev. Father William J. Moore, rector of St. Joseph's church at Mt. Jewett, who has been heard frequently in Warren and has a large number of friends here, has returned home after undergoing treatment at a Brooklyn hospital.

Mr. and Mrs. W. H. Waters, of Water street, have arrived home from a visit with Mr. and Mrs. F. H. Waters in Utica, N. Y. and Mr. and Mrs. O. W. Ensworth, Albion, N. Y.

Rev. and Mrs. A. E. J. Mantion, of Madison, N. Y., have arrived for a visit with the latter's parents, Mr. and Mrs. J. H. West, 114 Main street.

Miss Ruth Gruber has returned to her home in Greenville after spending several days here as the guest of Mr. and Mrs. Peter M. Johnson, Prospect street.

WAR QUIZ

1. This civilian defense insignia, consisting of a white triangle superimposed on a blue circle on which is inscribed a red caduceus, is worn by what members of the service: Medical corps, bomb squad, squad leader?
 2. Here is a Red Cross question. If, during an air raid, you found a person lying in the street, stunned and apparently suffering from shock and you knew nothing about first aid or medical care, what would you do?
 3. What large type Navy vessel is designed to give punishment but not take it?

Masons Enjoy Fine Picnic Wednesday

Youngsville, Aug. 20—One of the most successful picnics yet held by Youngsville and Warren lodges of Masons was held on Island Park, Youngsville, on Wednesday evening. Approximately 250 members of Joseph Warren Lodge, Warren, and Stillwater Lodge, Youngsville, with their families, sat down to bounteously laden tables promptly at 6:30 o'clock.

Following the dinner there were games for all ages, from the little children looking for pennies in sawdust, to those much older children, drinking pop from nipple-tipped bottles. There was fun in plenty for all. The skating rink was reserved for Masons and their families until 9 o'clock, and there were also quilts for the experts in this line.

Much credit is due the joint committees of the two lodges for this picnic, not only for the adequate supply of coffee, milk, orangeade and ice cream which were furnished, but also for the smooth and efficient manner in which the dinner was served, and the games which they run off after the dinner.

GARDEN CLUB

The August meeting of the Youngsville Garden Club was held in the form of a tureen dinner on the flower decked lawn of Mrs. C. A. Solberg, on the bank of the Brokenstraw creek, west of Youngsville. The garden enthusiasts enjoyed looking over both the vegetable gardens and the beautiful giant dahlia collection of Mrs. Solberg, and the extensive and well kept grounds of Mr. and Mrs. F. D. Martin, across the road from the home of the hostess.

At the business session a gift of \$3.00 from the Mead reunion in appreciation of the work done by the Garden Club around the Mead marker, at the intersection of West Main street and State street was received. The subject for the meeting was "Weeds and Herbs," with Mrs. Allie E. Barren, and Mrs. Ida Swanson as leaders.

NEWS ABOUT TOWN

The American Legion Auxiliary will hold their next meeting in the form of a tureen dinner, at the home of Mrs. Warren Jones at one o'clock on Tuesday, August 25th.

Rev. and Mrs. Dwight Jack motored to East Palestine, Ohio, taking with them Mrs. Jack's aunt, Mrs. Margaret Foltz, who has been visiting for a couple of weeks at the parsonage. Miss Dorothy Jack who has been visiting in Ohio, returned home with them. Mrs. Anna Kay accompanied them on the trip.

Bob Freeborough celebrated his 13th birthday with a party of 7 boys Saturday. Part of the time was spent in swimming, with a scavenger hunt thrown in, followed by a supper at his home.

Warren Jones, Jr., who has been visiting his cousin in Brookville, returned home on Tuesday with Roland Hendrickson, who expects to stay with him the rest of the week. Ronald's mother, Mrs. Myra Miller, is also visiting relatives in town. She came especially at this time to see her new granddaughter who has been named Patricia Elaine Hendrickson.

Mr. and Mrs. Robert Albright and son spent the weekend with her parents, in Oil City. Mrs. Albright's mother is recovering nicely from a fall in which she broke her collar bone and two ribs.

Mr. and Mrs. Amos Bower had as their guests on Wednesday Mr. and Mrs. Johnson and family, of Bradford.

HOLLYWOOD SIGHTS AND SOUNDS

By ROBBIN COONS

HOLLYWOOD — One thing's sure, it's going to be no trouble for the movie cuties to keep those shapes that art and nature gave them. No trouble at all, while the bombs fall in the movies.

Today I saw Carole Landis, whose ends were nicely shaped by destiny, go through the equivalent of 10 rounds of calisthenics, just dodging bombs. It was for "Manila Calling." By day's end, if Miss Landis wasn't calling for a massage then she's a husky as well as beautiful gal. 'Mid the rocket's red glare, the bombs bursting in the back room, our Carole played a game of hide-and-seek under the table. Down she went, up she came, until I bet she got the bends.

ALL this was by way of assisting an actor named Martin Kosleck to make amends for his unsavory movie past. Kosleck's the young refugee chap, who has been playing all those Nazi sneaks and dogs, leering at innocent women and kicking babies. Not any more. In "Manila Calling," Martin plays a Polish refugee in the Philippines, a fellow who fights for Uncle Sam and dies a hero's death when the Japs invade.

The Japs, right today, were making it hot for hero Lloyd Nolan, hero Kosleck, and heroine Landis. The three of them were in a radio broadcasting shack. Kosleck at the control board while Nolan crowded the air with a plea to Americans and Filipinos to fight on and beautiful Carole

handed him his notes—written by hero Cornell Wilde.

Director Herbert I. Leeds rehearsed the actors—minus explosions—and each time our Carole ducked under the table. It was more fun, for spectators, when the "bombs" went off. For Carole that was just another ducking, or two or three.

IT TAKES a bit of doing to a "bomb" a movie set. There's a gentleman with a length of electric wiring off behind the microphone boom. The wire leads around behind the set, beyond that open doorway in the rear, to a keg filled with powder. Dust and ground cork. There's a pipe-cannon, off to the side, filled with more dust and discharged by compressed air. There's also a workman with a shovel—full of dust.

For the first bomb, as Nolan read his plea, the workman shoved his cloud of dust. For the second, the pipe-cannon popped off. For the third—as the gentleman with the wire touched it to the button—the doorway back there spouted flame, smoke, and flying cork. It also spouted noise—the kind that makes your teeth rattle, the kind that makes you look for a table to duck under.

That was what our Carole did—again—along with Nolan and Kosleck. Then they got ready for the next bomb, the big one that would let Kosleck die the hero's death. By this time, Carole, either because she had got smart or the script said so, wasn't ducking any more.

She just stayed under the table.

Russians Try to Stem Nazi Tide in Caucasus

Renewed Russian attacks all along the front from Voronezh to Leningrad may slow the flow of the black Nazi tide into the Caucasus. German advance to the Don and Caucasus areas since mid-June has covered about a third as much area as the Nazis took in the initial two months of invasion of Russia.

Tyrone Power and Joan Fontaine
In Thrilling Love Story
"THIS ABOVE ALL"

At the Library Theatre, Friday, Saturday, Sunday

A truly great modern love story has been magnificently brought to the screen by Darryl F. Zanuck in his production of 20th Century-Fox's "This Above All," which opens Friday, Saturday, Sunday at the Library Theatre.

With all the power and emotional impact inherent in the famous Eric Knight novel carefully preserved for its movie audience, "This Above All" bids fair to take its place among the screen epics of the decade. As he did in "How Green Was My Valley" and "The Grapes of Wrath," Producer Zanuck has given the film everything in the way of integrity.

Its stars, Tyrone Power and Joan Fontaine, in the principal roles of Clive Briggs and Prudence

Jane Fowler Speidel and Robert A. Gates United in Marriage in Grace Church Wed.

At 4 p. m. Wednesday afternoon in Grace Methodist church, Jane Fowler Speidel, daughter of Mrs. E. F. Speidel, 10 Water street, became the bride of Robert A. Gates, of Titusville, son of Mr. and Mrs. Luther Gates, of Torpedo.

The ceremony was performed by Dr. J. H. Clemens and Rev. Harold Knappenberger, with Mrs. Emil Jacobson at the organ for a half-hour recital and Mrs. Richard Hout, of Mt. Alto, singing "I Love You Truly" and "Because." Artistic decoration of the church was carried out with white gladioli, palms and a variety of mixed flowers together with lighted tapers in candelabra.

The bride, who was given in marriage by her uncle, L. A. Webster, wore white marquisette banded in white lace and a fingertip veil held in place with a tiara of orange blossoms. Her bouquet was of white roses and baby's breath.

Attending her as matron of honor was Mrs. Gilbert Lawson, who wore pink marquisette and carried pink roses. The bridesmaids were Miss Lois Gates, of Torpedo, sister of the bridegroom, and Miss Geraldine Erickson. The former wore peach marquisette and carried Johanna Hill roses and the latter, aqua marquisette with yellow roses. The bride's mother wore a shoulder corsage of pink roses with redingote of green chiffon and Mrs. Gates wore a similar corsage with a flowered print.

Gilbert Lawson was best man for Mr. Gates and ushers were James Thompson, of Youngsville, and Harry Drivas.

Garden flowers were used in decorations for the reception which followed at the American Legion Home. The guest list of 60 relatives and friends included a number coming from Jamestown, N. Y., Erie, Titusville, Torpedo, Kinzua, Clarion, Youngsville and Garland.

For a wedding trip by boat from Buffalo to Detroit, the bride wore a green print and beige accessories. The couple will be at home after September 15 at Garland.

The bride, graduate of Warren High School and Clarion State Teachers College and member of Delta Sigma Epsilon, is a teacher in the Garland school. Mr. Gates, alumnus of Youngsville High School, is employed by the Struthers Wells-Titusville Corporation at Titusville.

Since announcement of her engagement by her mother, the following have entertained for the bride-elect: Miscellaneous show or by her aunt, Mrs. Webster; kitchen shower by Mrs. James Thompson, Youngsville; miscellaneous shower by Mrs. Harry Johnson, Mrs. Mary Black, Mrs. Bernard Joy and Mrs. Harry Drivas; picnic party by the Grace Methodist choir; personal shower and luncheon by Mrs. Robert Schorman at The Green Farm at Lakewood, N. Y.; dinner party at Pittsfield Inn by Mr. and Mrs. Gilbert Lawson.

NURSES ENTERTAIN

A group of Warren General Hospital nurses entertained with an eight o'clock dinner Wednesday evening at the Pittsfield Inn, honoring two of their associates, Mrs. Richard Earl, who leaves soon for Louisiana, and Mrs. Paul Fago, a recent bride.

Places were laid for the following: The Misses Rosemary Moran, Eleanor Strandburg, Mary Storr, Bernice Miller, Geraldine Martin, Grace Yaeger, Dorothy Craker, Mrs. Grace Moore, Mrs. Geraldine Barr. The honored guests were presented with lovely remembrances of the gathering.

FOR RECENT BRIDE

Mrs. Bert Woodruff entertained Wednesday evening at her home, 107 Pleasant Road, in honor of her daughter, Mrs. Kenneth Cole, who is the former Margaret Woodruff.

After a pleasant time with various games, refreshments were served and the bride was showered with gifts of a miscellaneous nature. The 25 guests included Mrs. J. L. Gettings, of Philadelphia, and Mrs. Cora Babcock, of Lewistown.

DISTRICT O. E. S. MEETING CHANGED

Officers of the local chapter, Order of Eastern Star, have been advised that the district meeting planned here next month will be held on the 26th instead of the 28th as previously announced. Business of the meeting will be transacted at the Y. W. C. A. activities building and the banquet will be served in the dining rooms of St. Paul's Lutheran church.

NAZARENE CLASS

The Beracha Class of the Nazarene church was entertained on Thursday evening by Mrs. William Muir at the home of her sister, Mrs. A. H. Bradley, of Akeley. A turkey supper was served at 6:30 o'clock, followed by a business meeting and enjoyable social time. There were 21 members and three guests in attendance.

ESTATE OF JOHN J. STEARNS, DECEASED.

No. 52, June Term, 1942.

TO THE HEIRS, CREDITORS, AND OTHER PERSONS INTERESTED IN SAID ESTATE:

NOTICE is hereby given that Merton E. Stearns, executor of said estate, having presented his petition to said Court for authority to sell the real estate of said decedent for the payment of debts, and the said Court having ordered and decreed the sale of such real estate for the payment of debts, the undersigned will sell on the premises on Saturday, August 29, 1942, at 10 o'clock A. M., the real estate owned by said decedent at the time of his decease, as follows:

ALL THAT CERTAIN piece or parcel of land situate in the Borough of Sugar Grove, County of Warren and State of Pennsylvania, bounded and described as follows, to-wit: BEGINNING at a point in the center of Miller Street at the southeast corner of land of Donald Stuart, and southwest corner of land bought by W. H. Mix of E. Marsh; thence south one-fourth (1/4) degree west seven (7) rods and eighteen (18) links to a post in the center and at angles of Miller Street; thence east five (5) rods to land formerly of heirs of Susan Woodside; thence north-easterly along said line eight (8) rods and seven (7) links to land formerly of C. P. Curtis; thence north along said Curtis Line, three (3) rods and five (5) links, to the southeast corner of land formerly of R. M. Gray; thence west along lands of said Gray, and lands formerly of W. H. Mix, eleven (11) rods and three and eighteen one-hundredths (3/18) links to the place of beginning. Having erected thereon a frame dwelling house and barn.

BEING the same premises conveyed to John J. Stearns by John A. Kinsman by deed of October 21, 1921, recorded in the Recorder's Office of Warren County in Deed Book 142 at page 771.

TERMS OF SALE ARE: 10% of the bid to be paid when the property is knocked down to the purchaser, and the balance of the purchase price to be paid upon confirmation of the sale by the Court and delivery of the deed.

OUR MEN IN SERVICE

Pvt. Robert A. Hamm, son of Mr. and Mrs. John Hamm, Frank street, who enlisted in July for U. S. Army service, is stationed at Camp Forrest, Tenn., with field artillery.

Word has reached here that Pvt. Victor Landers, of North Warren, has completed his basic training at Camp Wheeler, Ga., and has been transferred to Camp Gordon, Augusta, Ga.; also that Pvt. Robert Landers, North Warren boy, has been transferred from Harding Field, La., to Camp Davis, N. C., where he is attending officers' candidate school.

For the first time since April, Mrs. Flora Wilcox, of Youngsville, has received a letter from her son, S-Sgt. Clair B. Wilcox, who is stationed in Australia. The letter was written on the new V-mail, measuring four by five inches.

S-Sgt. Wilcox stated that the plane crash in which he was injured, was caused when one engine caught fire, causing burns on the hands and faces of the crew. The American doctors and nurses were highly praised for their fine work.

He said he had planned to telephone from Java when he stopped there, but the line of soldiers waiting was so long that there wasn't time.

While he was in the hospital, he received word of a promotion to technical sergeant, effected April 1st. His letter stated he was as well as ever.

Word has been received here by relatives that Pvt. Merritt L. Gray, 12 Maple Place, North Warren, who enlisted in the United States Army on July 30, is now stationed at Camp Grant, Ill.

Cpl. Paul Van Ord, son of Mr. and Mrs. William Van Ord, of Russell, who has been home on furlough, returned Thursday morning to Fort Dix, N. J., where he is stationed with the quartermaster regiment.

Word has just been received that Cpl. Clarence Conklin, son of Mr. and Mrs. James Conklin, of Pittsfield, has been promoted to the rank of sergeant. He is stationed at Camp Livingston, La.

A diploma designating him as a qualified radio operator has been awarded to Pvt. Frederick T. Jurek, son of Mr. and Mrs. C. C. Jurek, R. D. 1, Russell, a graduate of the communication department of the Armored Force school at Fort Knox, Ky., it was learned here today. Pvt. Jurek completed an intensive 14-week course and will now return to his original unit to become part of the intricate 700-radio communication system used by each quick-smashing armored division.

Mrs. John Walters has received word that her brother, Kenneth R. Peck, of Akeley, who left here August 7 for army service, has been assigned to the technical school squadron at Miami Beach, Fla.

Floyd C. Peck, son of Gerald Peck, who left Warren on August 8, is now located at the Camp Croft, S. C., infantry training base.

Cpl. Robert Greer, formerly stationed at Camp Livingston, La., has arrived at Fort Benning, Ga., where he will attend the Infantry Officers' Candidate School, it was learned here today.

Word has been received here that Capt. George Evan, Jr., with the Army Air Corps, has arrived safely in England. Capt. Evan, a veteran of the first World War, is well known in this area, having resided for many years in Sheffield, but most recently in Pittsburgh.

Deadline For Farm Program Is Announced

The Warren County Agricultural Conservation Committee today called attention of farmers participating in 1942 AAA program to the fact that all practices for this year's program must be carried out by August 31. This includes the application of conservation materials, either lime or superphosphate or both, obtained through the county office.

The county committee has noted many instances throughout the county of failure to apply ground limestone secured through the AAA, it was stated. This lime should be spread at once so that the farm may not be placed on the register of indebtedness for the amount of its value.

Lime carried over from 1941 or previous years and still unused must be applied at once to avoid additional penalty for its non-use. Farmers whose names appear on the register of indebtedness are not eligible to sign requests for conservation materials for the next program year, it was pointed out.

Preliminary information received by the committee regarding provisions of the 1943 program, soon to be announced, indicates that the soil-building allowance will be based to a great extent on the number of animal units on the farm and that farm acreage will be of only secondary importance. In addition, a farmer may earn payments for any quantity of soil-erosion prevention practices carried out on the farm, such as mulching, green manure, strip-cropping and others.

Many Garments Are Shipped in July by Local Organization

The Warren Chapter of Bundles for America and Bundles for Britain announced today that during the month of July a total of 1,001 garments was shipped to the headquarters of this organization in New York City.

In this shipment were 284 knitted garments, 692 garments from the sewing room and 25 donations of used clothing. Officials expressed their thanks to workers who did not remain idle during the summer and reminded them that there is still plenty of wool and more work to be done.

The splendid accomplishments of the Warren Chapter since October, 1940, when it was organized, total 14,519 garments. Of these, 4,896 were knitted garments, 4,984 were from the sewing room and 4,639 were used garments.

Those who are interested in knitting may still obtain yarn at the Bundles for America and Bundles for Britain headquarters in the Warren Bank and Trust Company building between 12:30 and 2:30 daily excepting Saturday.

FAMILY REUNIONS

SCHIRCK REUNION

The 22nd annual reunion of the Schirck family was held at Island Park in Youngsville with an attendance of 68 relatives from Palatine, Ill.; Lancaster, N. Y.; Harrisburg, Erie, North East, Clarendon, Stoneham, North Warren, Landers, Warren and Starbrick.

In the absence of the president, Paul Schirck, who is in service, the meeting was in charge of William Schirck. The historian reported 15 births, 7 marriages and 6 deaths. Officers elected for the coming year were: President, George Seavy; vice president, William Schirck; secretary, Lena Dalrymple; treasurer, Carrie Yeagle.

It was decided to hold the next reunion on the same date next year and at the same place.

AT KISKI SCHOOL

On September 21st, Kiski opens its fifty-fifth year. L. M. Clark, president of the Saltsburg school, announced that the organization will fall under three executive heads: Lester T. Etter, a teacher at Kiski since 1936, will be in charge of the educational program; J. E. Zeigler will be in charge of the guidance program, and J. L. Marks, Jr., assistant headmaster, will be in charge of all activities outside of the classroom.

It was announced that the Kiski summer school, tried for the first time this year, has been a marked success.

SPECIAL BAND CONCERT

Harry A. Sumner, who has devoted much time and effort this summer to promotion of the community massed band and orchestra concerts, announces that plans are well under way for a special presentation on Friday, August 28, at Beaty school. This program will be given by a "balanced band", whose personnel has been chosen from the membership of the massed band. About 50 musicians turned out on Wednesday night for rehearsal and the director is most enthusiastic with results achieved. Another rehearsal has been called for Wednesday night of next week.

CLASS MEETING

At 7:30 p. m., Monday, members of the Junior 1517 Class of St. Paul's Lutheran church will meet at the home of John Erickson, 208 Buchanan street.

ARRIVES HOME

Dr. LeRoy B. Campbell, W. Fifth avenue, returned home today from a lecture engagement before Cape Cod music teachers. He will leave soon to conduct a normal in Pittsburgh.

ERROR IN NAME

It was incorrectly stated in last night's issue that Miss Ardelle Johnson, of Jamestown, N. Y., would be guest soloist in the First Methodist church here on Sunday morning. The young lady is Miss Ardelle Carlson.

SUNDAY SPEAKERS

With Pastor Martin Hamlin still vacationing in the midwest, Sunday services in Calvary Baptist church will be addressed by Rev. B. F. Armstrong, Sunday school missionary, in the morning, and Rev. Daniel Anderson in the evening.

SON OF PARISH

Rev. Linson H. Stebbins, who went from the First Presbyterian church here to enter the ministry, will return to Warren Sunday from Kinsman, O., to preach in its pulpit. Many friends will be glad of this opportunity of greeting the former Warren young man.

IN TEXAS HOSPITAL

Word was received here today that Meg Lewis, daughter of Mr. and Mrs. Harry R. Lewis, Conewango avenue, underwent an appendectomy last night in St. Anthony's Hospital in Amarillo, Texas. Her condition is said to be good.

REUNION AT WISHAW

The committee in charge of the third annual homecoming jubilee at Wishaw, Pa., extends to all interested an invitation to participate in the events planned for Sunday, September 6, in this once-flourishing coal mining town. Athletic events, speeches and music will highlight the day's program.

PLEADS NOT GUILTY

Russell Kuntz, East Hickory, was arraigned this morning before Justice of the Peace T. Richard Evans on a morals charge following his arrest yesterday by Deputy Sheriff L. E. Linder. He pleaded not guilty, waived hearing for court, and placed under \$500 bail. Upon default of bail he was remanded to the custody of the sheriff to await the next court session.

GUEST PREACHER

Rev. R. C. Holm, pastor of Trinity Lutheran church in Elkhardt, Ind., will occupy the pulpit on Sunday in St. Paul's Lutheran church and Mrs. Holm, the former Irene Edquist, daughter of Pastor and Mrs. Bertil Edquist, will preside at the organ. The Holms, with their daughter, Phyllis, and Mrs. Melvin Smedman and daughter, Elaine, of Chesterton, Ind., are visiting at the Edquist home.

A BEAUTY SPOT

One of the most beautiful spots in Warren is the flower garden of J. H. James, 1008 Four Avenue, west. Mr. James has a plot containing hundreds of plants consisting of zinnias, asters, balsams, chrysanthemums that is a mass of blooms and a riot of color. At another spot Mr. James has a bed of red, white and blue asters that make a beautiful sight and are worthy of a visit by all flower lovers.

NOTE POPULATION GAIN
Harrisburg, Aug. 20—(P)—A population increase of 30,000 in 1941 for the Harrisburg metropolitan area was reported by the city's regional War Transportation Committee in an appeal for conservation of automobiles. The total population figure was put at 203,367.
The committee said three out of every four war workers ride automobiles to and from work.

ACID HURLER
Philadelphia, Aug. 21—(P)—City chemists are analyzing acid which was hurled at a suburban home, two doors from the residence of Gerhard Kunze, Sr., father of the former German-American Bund leader.
One bottle of acid was tossed

through the porch window of the home of Frank Watson. A second smashed on Watson's lawn. Detective Raymond Latchford said he found no evidence the acid was intended for Kunze's home, but was continuing his investigation.

Attention of aircraft designers is being given to a synthetic resin-lined hose for instrument, oil, hydraulic and fuel lines. This product is an adequate replacement for synthetic rubber-lined hose and as an added virtue, it is even impervious to the benzol-blend fuels used in the Far East.

"I SUPPOSE WHEN I GO TO THE HEREAFTER
THE FIRST PERSON I'LL SEE
WILL BE AN AP MAN"

Mohandas K. Gandhi

The first man Mohandas Gandhi asked to see when he was first jailed for revolt several years ago was an AP correspondent.

"The Associated Press," said Gandhi, giving it his farewell message, "has reported the political situation in India as no other news organization."

Months later, when the Indian leader was released amidst greatest secrecy, after midnight and at a lonely railroad station, the first person to greet him was an Associated Press reporter.

"I suppose," said Gandhi, "when I go to the Hereafter, the first person I'll see will be an AP man!"

Now, as Gandhi launches a new revolt, AP men are on top of the news again with fast and accurate reporting for 1400 Associated Press members.

Preston Grover, whose recent interview with Gandhi forecast the present crisis, scored with dramatic first-hand accounts of the effects of Gandhi's civil disobedience. Grover's automobile was stoned as he toured rioting Bombay.

Also in India to cover this great story are such veterans of the AP foreign service as Daniel De Luce and William McGaffin, assisted by other correspondents throughout the vast country.

There's always an AP man on the job!

Willkie to Tell Allies
Truth About American War Effort

(From Page One)
In each country, the president is replying to a question as to whether the American war effort is sufficient to win the war. In replying to a question as to whether the American war effort is sufficient to win the war, Mr. Willkie's specific mission, his principal task will be to tell the truth, reporting as the leader of the minority party in this country. As this leader, he said, Willkie's words would carry very great weight.

Mr. Roosevelt said that the Republican chieftain had been asked to carry to these nations a comparison of what would happen to them if the Axis won, and if the United Nations won.

The president and Willkie conferred about the trip at length yesterday, and Mr. Roosevelt said the thing had been emphasized. He named this as the fact that great many people over the world get from American news dispatches the idea that our production is being hurt to a very large extent by strikes. There will be a threatened strike in one small plant that will last 24 hours or 48 hours. In another small plant and in another small plant, there are incidents are so handled by the agencies, Mr. Roosevelt said, that they make other countries think they are the rule instead of the exception. He said British leaders had gained the same impression at that he had told them the total production affected was infinitesimal and they were much surprised.

America now has a second aerobism award—the Air Medal—which will go to service men for meritorious achievement while participating in an aerial flight. Prior to this decoration, the D. F. C., had been the only specific medal for sky-men.

FAMILY REUNIONS

GREENE FAMILIES
The 11th annual reunion of the Wallace Greene families was held at the home of Mrs. Myrtle Bates at Spartansburg on August 15, with friends and relatives present from Ashville, Lakewood, Westfield and Sherman, N. Y., Erie, Corry, Edinboro, Youngsville, Union City, Wattsburg, Centerville, Steelton and Spartansburg.

Dinner was served at tables placed on the lawn and a business session was held for election of the following officers: President, Mrs. Mona Canfield, Sherman; vice president, Mrs. Charles Helm, Youngsville; secretary-treasurer, Joyce Mourer, North Warren. Mrs. Mona Canfield had charge of a pleasant hour of entertainment and the children spent the remainder of the time in playing, while older folks enjoyed visiting. It was decided to hold the next meeting at Marcesan Beach, Canadota Lake, the third Saturday in August, 1943.

CABLE FAMILY
The Cable reunion was held at the VanOrsdale camp at Cable Hollow with a good attendance. John Cable, president, conducted the business meeting. The following officers were elected for the ensuing year: President, Stanley Norberg; vice president, J. V. Leman; secretary-treasurer, Frances Cable; kitchen committee, Frances Cable and Florence Ferrigo; historian, W. G. Cable; entertainment, Margaret Cable. The reunion will be held next year at the VanOrsdale camp on the first Sunday in August.

CARLSON FAMILY
The Arvid Carlson reunion was held Sunday at the home of Mr. and Mrs. Harry Pearson, of Russell, with 34 members and two visitors present. Relatives were present from Jamestown, Akaley, Union City, Russell and Warren.

Yucca plants in the cemeteries of Hidalgo, Mexico are decorated with egg-shells to ward off evil spirits.

Obituary

MISS OLIVE TAYLOR
Miss Olive Taylor, of 306 Pennsylvania avenue, east, passed away at her home Thursday afternoon at 4:20 o'clock, after an illness of six months.

Prior to her retirement in 1939, Miss Taylor was a teacher in the public schools for 45 years. The last 22 years of this time were spent at Charleroi, Pa., as senior mathematics instructor in the Charleroi High School. In addition to being an excellent teacher, Miss Taylor possessed sterling qualities of character that won for her the esteem of pupils and associates alike.

She was a member of both the Daughters of the American Revolution and Daughters of American Colonists.

Surviving are two sisters, Irene Taylor and Mrs. A. N. McCausland, of Warren; and three nephews, William, Jay and Raymond McCausland.

The body has been removed to the Lutz Funeral Home, where friends may call at any time. Services in her memory will be conducted from there by the Rev. H. L. Knappenberger, of Grace Methodist church, Saturday at 2:30 o'clock. Interment will be in Oakland cemetery. Friends are asked to kindly omit flowers.

ELMER KAHLE
Elmer Kahle, of 42 Dunham St., Sheffield, passed away at his home yesterday following an illness of a year and a half. He was born in Sigel, Pa., February 3, 1862, the son of Washington and Elizabeth Arthur Kahle. He was married December 24, 1889, to Amanda Wolfe, who survives. Also surviving are two daughters, Mrs. Egil Jensen and Mrs. Howard Potts, both of Warren, and four grandchildren. He was preceded in death by three sons and one daughter.

Funeral services will be held from the home in Sheffield at two o'clock Sunday afternoon with the Rev. Frederick Smith officiating. Interment will be in the Sheffield cemetery.

CARD OF THANKS
Mrs. Jessie Hildum and family wish to thank relatives and friends for flowers, use of cars and many kindnesses at the time of their recent bereavement.

CORYDON

(From Page Seven)
concerning the number of beans in a pint glass jar and generously shared the gift. From away came Mr. and Mrs. Frank Schobey, Kinzua; Mr. and Mrs. C. C. Browne, Miss Marilyn Browns, Bruin; Miss Valjean Wolford, Salamance; Mr. and Mrs. Garth Stoltz and son, Miss Joan Butler, Bradford. Present also was Mrs. George Simpson, Indiana, Pa.

The long and well established organization, known as the Ladies' Aid Society of the Corydon Methodist church, has come back into its own again, hereafter being known and called by that name. Under the capable leadership of its president, Mrs. John K. Crooks, whose experience is wide and varied in church circles, the local society bids fair to again enjoy the its former popularity and success.

Few communities the size of Corydon can support a very worthy Woman's Society of Christian Service organization. From the beginning locally it met with little success, thus it regained its former name and ways by popular vote.

The following is a brief 4-H Club report offered by Miss Mary Lou Platt, vice president of the Corydon Complanter, 4-H Club, that was held with Miss Celeste Van Sickle, August 10. Business meeting presided over by Miss Platt, later adjourned for lunch. At the home of Miss Leatrice Smith, recently a very entertaining business period was conducted when plans were discussed for the "fall roundup." Each member attending brought cookies which were exchanged and presented as a gift to some person. Refreshments followed.

Mr. and Mrs. G. A. Prue and Miss Beverly Prue have returned from Saegertown, where they spent the weekend with Mr. and Mrs. Chas. Burgett and son.

Spy Trial in Hartford is Nearing Close

(From Page One)
Thompson, Conn., a Russian Fascist, also pleaded guilty to the conspiracy and is already serving a prison term for his part in the plot.

In completing the summation yesterday, Defense Counsel James W. Carpenter said the 47-year-old pastor of Old Zion's church, described during the trial as America's "most famous" Lutheran church, "doesn't have to prove his innocence, but I respectfully submit that he has proved it beyond a reasonable doubt."

Aw Shucks! What's the Harm of One Little Light?

None to you, Bill--this time perhaps--maybe never, so far as actual bomb damage is concerned. But that one little light may mean complete destruction for a neighbor some night. And suppose **everybody** adopted your attitude? Blackouts would be a joke and so would every other Defense or War effort. It's the cumulative, co-operate efforts that count.

Those are eight-dollar words, Bill, but you'd better begin to learn what they mean. We're in a War and "every little movement" counts. That's why we ask you to consider the consequences of your patronizing those gasoline stations that refuse to abide by reasonable, recognized operating schedules and hours.

We are home-owned and operated. We are your **neighborhood SERVICE** Stations that have served you in good times and bad, foul weather and fair--checked your tires, your battery, cleaned your windshield--just generally "looked-after" your car. We are having quite a struggle, frankly, to maintain that kind of service.

We feel that our men--and women--are entitled to their evenings and Sundays with their families. We believe, Bill, that you and others are just thoughtless when you fail to fill up before seven or on Saturday, and that you don't realize the cumulative effect your purchases from the non-cooperating stations are bound to have on the general war-effort as it applies to your old friends, your neighborhood stations.

To put it bluntly, Bill, we think it's up to you as a sort of patriotic gesture to stick by us in this emergency and refuse to patronize those "outside" stations that "chisel" on hours of operation.

Rosequist Socks Home Run; Sunset Leaguers Meet Forgers Monday

TEAM LINKS MEET SUNDAY AT C. V. C. C.

Their first match having been more successful all the way around than anyone expected it to be, the Conewango Valley Country Club golfers will again entertain the Public Links of the area Sunday in a return match between the two teams over the Conewango course.

The first engagement was an easy 13-3 victory for the country clubbers, who, used to the layout on which they were playing, and boasting a stronger lineup, made it "quick death" for the challengers, but this time the public crew has bolstered its lineup and hopes to reverse the decision.

It is expected that it is golfers will be playing with each team when the first foursome tees off at ten o'clock Sunday morning, according to an announcement today, players having been contacted this week and all of them eager to take part in this meet.

Meanwhile, there will be considerable club activity tomorrow when a large field of linksmen is expected to go out in quest of the President's Cup, a coveted award which has been in retirement for the past six years.

The club golf committee is placing the trophy on the line again, with the hope that enough interest will be shown this weekend to re-establish this 18-hole medal play event as an annual affair.

Play begins tomorrow about two o'clock in the afternoon.

BANK SHOTS

BY FLOYD PASSINGER, Sports Editor

Director of Athletics J. B. Lendig of the local high school announced today that they will be in a meeting in the high school building Monday night to which all persons interested are invited at which time the 1942 rules will be explained and discussed. The meeting probably will be attended by a good many rabid grid fans as well as players, officials and others affiliated with the sport. It might be a good idea for grandstand quarterbacks to take in this session so that they'll be first-handers again at telling the rest of the fans when an umpire doesn't know his rulebook and what a quarterback or teammate should have done because a rule reads so and so. Anyhow, seriously the meeting will be worth the while of any grid fan who has the time Monday night. Port Allegany High School, despite the fact that July's flash floods washed its football field away, will have a team anyway come autumn. The school has been offered the use of two fields, one on a farm, the other an old field will be built to replace the one destroyed in the floods, and new shoes and jerseys will be bought, many having been lost in the high waters. These problems added to war restrictions, all of which have been solved satisfactorily by the Porters, leave the high school directors in line for a distinguished service medal. Many places would have given up with that kind of situation.

Harry Bittenbender now plans to open his Penn Bowling Center about the middle of next week, according to latest word. The inauguration of the season at the newest public house will really get the campaign rolling along in high gear. There'll be a bowling meeting Wednesday next week, to be held, as planned now, in the Times-Mirror editorial rooms for the purpose of discussing the plan for the organization of a fast city-wide loop to replace the Inter-City competition known to better bowlers in this town. There will be no Inter-City League and probably no Junior Inter-City circuit this winter because of tire rationing. The better bowlers will have to make the best of what is the current proposal. Billy Soose, the Farrell boy who left his college books behind when he found his hands were as educated as his head, is now in Alaska, according to a report in the Sharon papers. Soose, you will recall, was middleweight champion of the Sunset League. Team managers are expected to be called to the Sunset League team managers for the season to be presented by Treasurer Myron Jewell. If you're still looking for diamond entertainment hereabouts, you might try picking up a little interest in the City Softball League, what with baseball nearly on the shelves for the summer. Plans will be made and announced shortly for the championship series which will be between the Recreation Center, first and second-half winners, and the Struthers Wells crew, second best both times. As soon as softball and baseball are completely ushered, the season we like best will come rolling along. That's the banquet season, where we star at the plate. Happy weekend.

Hold Dunkirk Archery Open This Weekend

The Dunkirk open archery tournament will be held in Memorial Park at the Lake front in Dunkirk on August 23 under the sponsorship of the Dunkirk Chamber of Commerce and the South Shore Archers. Starting at 9:30 the morning round will be a Hereford for the men and a National for the women and in the afternoon the men and women will join for an American round, two men and two women on a target according to scores shot in the morning rounds.

Trophies for the events are furnished by the Chamber of Commerce, except that for the American round, by man or woman, which is the memorial plate given in memory of the late Dr. W. H. Himes of Warren.

While it is not expected that attendance will be as large as in previous years, some excellent scores may be expected in view of fine rounds shot in recent tournaments in this vicinity.

Near Playoff For Softball League Crown

A playoff game between the Struthers-Wells and Recreation Center softball team remains to be played and will be on Monday evening, to decide the second half winner in the City Softball League, according to an announcement today.

If the plant workers win, they gain a tie, necessitating a second game to be played Wednesday of next week. Should the Recreationers win, they'll be champs of both halves of the circuit.

The championship series, nevertheless, will involve both aggregations, and will begin a week from Monday. All games will be played on the west side diamond, the series to be best three out of five games.

Sheffield High Grid Hopefuls Meet; Will Get Suits On Monday

Three lettermen were included in a group of 14 players from last year's squad and six other candidates who will be out for the first time, as Coach Joe Massa held an organization meeting Wednesday night for Sheffield High School football hopefuls.

Andy Pochatko, Nick Otto and Beryl Burlingame, the first two-year letterman, and all of them linemen, were on hand and will be ready to carry the colors again this autumn.

More new players, it was stated by Massa today, are expected to come forth with the opening of school to provide for a fair-sized squad from which the Sheffield mentor, who is starting his second season, will have to make up a formidable nucleus on hand at the meeting. Dick Miller and George Shultz will be ineligible until October 10, because of academic failure, but will be available to Massa on or after that date to the end of the season.

Those present at the session included: Pochatko, Otto, Burlingame, Sherry Henry, Don Gibson, "Fips" Sherry, Bob Trubie, Harry Lloyd, Neal Van Marer, Bert Lyle, Ted Anderson, Dick Miller, Mueller, Barner, Charles Christian, Dick Slater, Bob Kraft, Dave Eichbauer, John Evans and George Shultz.

Leidy Williams, Jr., was named manager for the season with his assistants to be chosen later.

WILDERNESS GIRL

YESTERDAY—Until the rancher, McIntyre, happened to remember Tyra Fleming, Sandy Morse disappeared of learning anything about the Forbidden Land. But he was determined to visit the dangerous land just the same. Now he has located Tyra at a stage in Onna, and he has Helen Brotherton, who is financing his expedition, are watching her whirl in one of the native dances.

Chapter Five

Talk With Tyra

HELEN crowded closer to Sandy. "That girl settles your biggest argument against my going with you," she said.

Sandy nodded absently, for his eyes were still upon Tyra Fleming. "I can tell you better after I've talked to her."

The music ended abruptly. Tyra Fleming and her partner threaded a way to the four Americans. As she came closer, Sandy saw that she wore garlands on her feet, that bracelets and chains of gold pieces were looped around her throat and slender tanned arms. She walked with the flowing, effortless motion of perfect balance.

"Buenos tardes," she greeted McIntyre gaily. "I am a Tehuana tonight. Josefa loaned me the costume. Did you ever see such richness? Twenty-dollar gold pieces!"

She held up an arm, shaking the bracelets that adorned it. Her glance darted from one to the other.

McIntyre presented the three strangers with the remark that they were interested in the Forbidden Land.

While McIntyre spoke, Sandy observed that the girl changed, not merely in dress, but in her entire fashion. Part of the spontaneous gaiety left her face, there was an almost indistinguishable stiffening of her body.

"Oh, see," she said, on a breath. "And what do you want in the Forbidden Land?"

Sandy's lips twisted into an engaging grin. "We might want a number of things, Miss Fleming, but mostly we're looking for that Mayan city on a high plateau. McIntyre tells us you and your father are doing some botanical work in that country. I am wondering if I could have a talk with you."

She did not answer at once. Her eyes, hazel in color but flecked with brown, Sandy noted, did not leave his face. "Yes, you may talk to me, if you wish. Where shall we go?"

"We might go over to the hotel," Sandy began, but added, "I don't like to break up your good time."

"I can come back," she said. "We'll wait here." Gil put in as Sandy turned away.

Getting Nowhere

SANDY took Tyra Fleming's arm then, to guide her through the crowd. He walked with such a lissome step that he found himself mutely admiring the touch of her arm, too, was firm and warm and vital.

Several Tehuannas spoke to her and she answered in the native tongue with apparent ease.

"You are an extraordinary girl, do you know it?" Sandy observed dryly.

"I have had an unusual life," she returned.

"With your father?"

"Yes, I have been practically raised with the Indians."

They stepped out into the night. For a moment there was silence between them, then Tyra said, "Let's just walk around—it's cool."

"You be the guide," Sandy said.

She turned down a quiet street. The air was drenched with fragrance, a whisper of a breeze stirred the palm fronds.

"Don't think this is the Isthmus," she asked suddenly, it seemed a strange question, somehow American. Conventional.

"I don't know. I hadn't thought about it," Sandy said honestly.

"The town doesn't interest me especially. It's the country back

Steelers and Rams in Game This Evening

Special to the Times-Mirror—Hershey, Pa., Aug. 21—The Pittsburgh Steelers and Cleveland Rams will battle tonight at East Liverpool, Ohio, in an exhibition football game being played for the civilian defense fund of that city.

The Steelers wound up pre-game drills here yesterday with Coaches Kiesling and Leonard intent on designing a defense to stop Cleveland's hard charging back and the passing of Parker Hall, brilliant halfback.

After the game this evening, the Steelers will return here to remain till the eve of their game with the Chicago Bears at Forbes Field, on September 5, which will be sponsored by the Dapper Dan Club and which is being played for the army emergency relief fund.

More than 29 egg-driving plants are in operation in the United States.

Yesterday's Stars

By the Associated Press—Whitlow Wyatt, Dodgers—Pitched one-hit ball in beating Giants for his 15th victory.

Jim Tabor, Red Sox—Hit third homer in two days, with two on base, to pace victory over Yankees.

Of all trucks on American farms, one-third are more than 10 years old.

Chapter Six

The Soothsayer

FOR a moment Sandy watched the lithe figure of the girl. He was conscious of confused emotions, a haunting curiosity to know more about her, disappointment, and smouldering anger for the nonchalant way in which she had disposed of his request to travel with her party.

He pushed through the throng then, and came upon McIntyre, Gil and Helen before one of the booths where Helen was making a purchase.

Gil lifted a questioning brow and Sandy gave a slight shrug. He did not think it wise to tell McIntyre the outcome of his interview.

Helen turned from her appraisal of a little rosewood box to glance up at Sandy. Her eyes held a question, too, but of a different kind.

"You weren't gone long," she said.

"It didn't take long," Sandy answered non-committally. Presently they moved on, McIntyre talking about the natives.

"Here is something that might interest you," he interrupted himself to remark. "A curandero."

It was not a regular booth, but a corner between two booths. Squatted there was an aged woman surrounded by little pottery jars. A pungent incense rose in a thin, gray smoke from a shallow bowl placed on a mat before her.

From behind the group and said something in the native dialect, which Sandy only partly understood.

For the benefit of the others McIntyre translated. "She tells us that she can cure any malady, drive out evil spirits, change luck from bad to good, or overcome a pending tragedy. She says she can even ward off death if an owl has hooted over the rooftop."

"Quite somebody," Gil said. "I've run into some of them in Mexico City and Yucatan. He placed a small coin upon the mat in front of the old woman. 'To buy myself a little luck,' he remarked.

They started to turn away but the old woman fixed her eyes upon Gil and began to speak slowly, jerkily, spacing her words.

McIntyre listened with attention. "Gila is a real soothsayer. She has just told you that you're about to embark upon a hazardous journey."

Sandy grinned. "She is probably shrewd enough to know that we are not in Onna for our health."

"If you put another coin on her mat she may tell you more," McIntyre suggested.

Gil drew a few coins from his pocket. "I've always liked a gamble. I'll risk a few centavos."

"It might mean death," Helen said.

"The woman was silent a moment, then gesturing dramatically with a withered arm, began jabbering.

The four stood still, watching curiously, until she had finished.

McIntyre's a shaggy brows worked. "She says you will see strange and wondrous sights."

"Cheering news, if not exactly original," uttered Gil.

"There will be great dangers. You will overcome many of them."

"What about the best?" Helen asked quickly.

"She said something rather odd. Two of you will pass through a rainbow."

"All in Wonderland stuff," Gil teased.

"They talk in symbols," McIntyre said. "A rainbow could be a good many things. I suppose. No use asking her. She won't tell any more."

"Could it mean—death?" Helen

Legionnaires Considering Resolutions

(From Page One)

thousands of local posts, districts and state departments have approved the proposal, which must be finally passed upon by the national Legion convention at Denver.

The delegates planned to elect vice and district commanders today, along with a national executive committee man and alternate.

It was likely Dan C. Hartbauer of Pittsburgh, state director of the Legion's Americanism committee, would be nominated today for the state commander. John C. Love of Bellefonte was also running but Hartbauer was reported to have the support of the Philadelphia delegates in addition to those of western Pennsylvania. The state commander election will be held tomorrow.

Deputy Coordinator Ralph K. Davies said it "remains to be seen" whether rationing of petroleum would be made necessary in those states as a result of the order.

He added that the diversion of additional tank cars would not aid the east's gasoline rationed motorists since the railroad cars would be used almost exclusively to build up fuel oil stocks in the east, particularly in New England, against the coming of winter.

A spokesman from the coordinator's office said the diverted tank cars would add approximately 100,000 barrels to the more than 1,000,000 barrels daily movement of all types of petroleum into the east.

Berlin (From German Broadcasts), Aug. 21.—(P)—Continued German progress in the Caucasus, and annihilation of encircled Soviet forces on the north central front southeast of Lake Ilmen were reported today by the German high command, which said that elsewhere, on the Don river, near Rzhew on the Moscow front, and on the Volkhov front, Russian attacks were repelled.

The German communiqué also reported Soviet planes carried out "harrassing flights" over the government-general area of conquered Poland, causing casualties in Warsaw.

The Caucasus campaign was mentioned only with the brief statement that "German and Allied troops, overcoming stubborn enemy resistance, are successfully continuing the attack."

WAR BULLETINS

(From Page One)

Vigo, Spain, Aug. 20.—(Delayed)—(P)—Generalissimo Francisco Franco declared in an address tonight that Spaniards must be prepared for an industrial, moral and military struggle, although this "does not mean that we want war."

London, Aug. 21.—(P)—A fresh wave of sabotage by Yugoslav patriots was climaxed Saturday by wrecking the Zagreb-Belgrade express train, with 21 persons killed and 32 injured, Yugoslav sources reported today.

Washington, Aug. 21.—(P)—President Roosevelt today signed a bill permitting living allowances due the dependents of service men to be paid as soon as necessary bookkeeping can be completed.

Farley Man is Nominated in New York

(From Page One)

"It leads me to believe we'll elect a Republican governor of New York. There will be such a row among the Democrats that they'll cut each other's throats."

Still another Republican expressed the view privately that Farley would be a "powerful factor" in any fight against a possible fourth term for the president in 1944.

New York, Aug. 21.—(P)—A three-way race for the New York governorship loomed today with the power-balancing American Labor Party believed likely to enter its own choice because of the nomination by the Democrats of State Attorney General John J. Bennett, Jr.

Leaders of the labor party, which convenes here tomorrow, announced last Saturday that if Bennett won the Democratic nomination over U. S. Senator James M. Mead they would name an independent state ticket headed by Joseph D. McGoldrick, New York city controller.

This stand was strengthened after Bennett's triumph yesterday when ALP left-wing leaders renounced the attorney general as a "Fascist" and voted to support McGoldrick against Bennett and former New York District Attorney Thomas E. Dewey, who is expected to win the Republican nomination when that party meets at Saratoga Spring, N. Y., on Monday.

After one of the bitterest campaigns in Democratic history—a battle that split the party wide open and ended in its first conventional floor fight in 24 years—Farley's power was proved by the official delegate vote of 623 for Bennett against 393 for Mead, later made unanimous even though only 509 ballots were required for the nomination.

He said he thought persons of sober judgment would approve methods of judicial procedure because we do not wish to kill innocent people. An example of this procedure was provided, he said, in the recent saboteur trial here.

Scrap Drive Planned Here In September

Plans are being made by the Warren county salvage committee for a fall scrap collection drive, starting Monday, September 14, and continuing for two weeks, it was stated today by B. S. Knabenshue, co-chairman of the salvage committee in the county.

This "scrap harvest" is to be climaxed by "junk rallies" throughout Pennsylvania, it was stated today.

"A personal canvass is to be made of every farmer in Pennsylvania," declared Colley S. Baker, chairman of the State Defense Council's salvage committee today. "We are going to attempt to make a final clean-up of the farm scrap in this special drive. The raw materials situation is so critical that we must get every available pound of scrap x x x to keep our steel mills in full operation on war production throughout the coming winter."

The scrap harvest drive will be directed by a committee headed by Professor R. U. Blasingame, of the Pennsylvania State College. The rallies will be addressed by speakers and, in some cases, accompanied by parades.

Earlier, the State Defense Council asked county and local victory garden committees to organize community harvest shows as part of a nationwide program to demonstrate results of victory gardens and to raise funds for army and navy relief.

In "Duds" from the College Number of MADEMOISELLE

This Fall It's "Mademoiselle" from Metzger-Wright's

In the previous war it was "Mademoiselle from Armentieres." Remember?

This Fall, in Warren, it's "Mademoiselle from Metzger-Wright's." Last Spring we announced an exclusive arrangement by which this store became sole agent in Warren for the fashions featured by this famous youngfolks' magazine. By the terms of the agreement, Metzger-Wright's (and Metzger-Wright's only) receives each month advance bulletins describing the items to be featured in the next month's issue—what they are like, where they may be bought, what they cost.

No other store in northwestern Pennsylvania possesses this franchise. In fact, "Mademoiselle" does not grant it, except in unusual cases, to towns of less than 50,000 population. Because Metzger-Wright's is a "big store in a small town," because it is far larger and offers more complete lines of merchandise than most department stores ever, in towns of 50,000, a special exception was made in our case.

Scores of Warren County girls will be going off to college this wartime Fall of 1942. They want to be smartly, practically, and economically clothed—as befits the times. "Mademoiselle" is right up their alley, because those are the very qualities it stresses. This advertisement is devoted entirely to Fall fashions featured or advertised in "Mademoiselle." Study it carefully. Then remember that there are dozens of other "Mademoiselle" items in the store we hadn't room to advertise.

Fashions, Millinery, Sportswear, Sweaters, Blouses, Shoes, Handbags, Accessories of all kinds. "Mademoiselle"-featured. "Mademoiselle"-sponsored. "Mademoiselle"-fashion-checked. We have copies of the current issue ready for your inspection. You can inspect the picture and description of the particular merchandise in which you are interested—then, in a second, inspect the merchandise itself. That's "Mademoiselle" service. That's Metzger-Wright service.

Remember, it's "Mademoiselle from Metzger-Wright's" this Fall.
